About Bogong

Outdoor School - Bogong Campus, is a school staffed and funded by the Department of Education and Training. Bogong Campus provides programs for Years 7-12 students from Government Schools throughout Victoria and is situated in Bogong Village, North-East Victoria. This is located 15 km from Mount Beauty and 15 km from both the Falls Creek ski resort and the Bogong High Plains. Bogong Village is surrounded by the Alpine National Park. Bogong is 380 km from Melbourne and takes around 6 hours to get there by bus.

About the Future Makers Program

The Future Maker program is delivered with a strong curriculum connection to your school. The learning will be embedded in your school's year nine program and delivered in partnership between Outdoor School Bogong and your school. The purpose of the program is to develop future ready young people. As per Outdoor School's vision to be "educating for sustainable living" students will be challenged to become initiators, leaders and managers of change in a world where they have the ability to influence their own futures.

The program delivers the learning capabilities through hands on experiential learning.

Initially the Future Maker learning capabilities will be delivered within the year nine curriculum, during timetabled classes. The program then involves a two week residential/journey component where students attend Bogong and undertake a five-day expedition in the Alpine National Park.

Teachers from both the home school and Outdoor School Bogong will deliver elements of the program with a collegiate team teaching approach.

Respectful Relationships

Respectful Relationships - Statement of Commitment

- We commit to action that promotes gender equity & respectful relationships.
- We will model respectful relationships between peers and all members of the school community.
- We will speak out about sexism, gender inequity and gender stereotypes.
- We will provide a safe, inclusive and supportive environment.
- We will provide a structural and cultural environment that promotes gender equity.

COVID 19 Information and Policy

A copy of the school's COVID 19 policy and subsequent protocols is available on our website at <http://www.outdoorschool.vic.edu.au/>

Key to this policy is that:

- Students or staff that are not well, or display Covid like signs/symptoms should not attend Bogong.
- Students or staff that have tested positive to Covid within the 5 days before the program commencing must not attend Bogong.
- Students or staff that begin to display Covid like signs or symptoms whilst on program will be sent home.
- In the case of any of the above for a student, the parents/guardians will be contacted to collect their child as soon as possible on that day and take them home. **As a parent/guardian please make arrangements to ensure you can collect your child at short notice if needed.**
- For a visiting staff member they may have the capacity to drive themselves home or alternatively be collected by a next of kin.

Important Teacher & Parent Information

The program will contain activities and events which are different from those experienced at school. Qualified and experienced teachers are responsible for the supervision and teaching of all adventure activities and necessary precautions are taken to minimise the possibility of injury.

Parents/guardians should understand however, that all the listed activities do carry risk of physical injury and that accidents can, and do occur. However, Outdoor School has an active and ongoing risk management program whose objective is to provide a safe and effective environment for students and staff.

Activities may include bushwalking, climbing/abseiling, mountain biking, orienteering/roving, canoeing, pioneering, high ropes, creek walking, and the sensory trail course. Many of the activities are conducted in remote locations subject to severe weather and other natural hazards. In the event of injury or illness, communications or emergency services may be limited or not available for periods of time. This may result in delays in injured/sick group members accessing more definitive care. It is important that students are appropriately insured for medical treatment as the Outdoor School, being a State Government School of Victoria, does not have any insurance to this effect.

Transport

Organise transport to and from Bogong. To optimise learning and allow safe travel time we would like schools to arrive at the times agreed in the 'Bogong Offer'. These times are important to Bogong for staffing and planning purposes. Bogong will give you recommended travel times from your school. We recommend Falls Creek Coach Service for their reliability and experience with times for getting to Bogong although you may have a preferred company.

Entering the Data

The student and visiting staff details from the consent and medical forms must be entered via our online portal.

You will receive emails to remind you when to complete these tasks but you may do this earlier if suitable for you.

1. Use this link <https://education.shortcm.li/Grr5Qb> to access the Cumulus portal.
2. If you have accessed this site before, log in as you have previously done.
3. If you have not been to this site before create a new account with your @education address (must be @education) and a password.
4. Once there you must enter the student's names, their consent and medical details, as well as your visiting teacher's names and medical details.

A copy of the forms must then be sent on to Bogong via scan/email TWO WEEKS PRIOR to the program running.

Continued over page

Personal Clothing and Equipment (enclosed)

- Students and their parents/guardians will need to read through the list ahead of time to ensure packing of all clothing and essentials for the program. The Bogong Program Leader may include this in a session prior to the students attending.
- Please be reminded that the Department of Education and Training does not hold insurance for personal property brought to schools and it has no capacity to pay for any loss or damage to such property.

Student and Staff Hats

For an extra fee of \$10 per student, your school may purchase Bogong sunhats for **all** the students and staff attending. Please advise us via the Cumulus portal if you wish to do so. It will then appear on the final invoice as an additional charge. You will therefore need to build it into the costs you charge the students.

Allocate Learning Groups & Room Pairs

Log on to the Cumulus portal as indicated above and **allocate student room pairs and learning groups at least 3 weeks prior to your program starting date.**

Bogong Campus staff suggest that students be allowed to select their own room pairs as it is important to put students into room pairs that they are comfortable with. We do have a couple of rooms for three students if there are odd numbers.

We work in groups of up to 12 students. Depending on the number of students attending we may have up to 4 groups. The Program Coordinator will discuss this with you during the organisation phase.

Students allocated into specific groups (eg. Group 1, Group 2) stay in that learning group for the duration of the program and work together throughout all activities.

We typically mix girls and boys together in learning groups although this is dependent on the numbers of each and the needs of the student group.

Visiting Staff for the Program

You will need to carefully plan ahead of time the staffing from your school. There are 3 components to the program over the 2-week period.

Residential A	Bush Trip	Residential B
Mon to Fri 9:00AM	Thurs 1:30PM to Tues 4:30PM	Tues 4:30PM to Fri

The Bogong Program Coordinator will communicate with you about the needs here. To begin with, for the residential components you will need to have gender representation in your staff for the students attending because they will be responsible for overnight supervision in this time. You will also need to have a ratio of 1:15 students for that time. At a minimum, the journey component will require 1 staff member per group for every group beyond two. Eg. If 2 groups of students then 0 staff for the journey, if 3 groups then 1 staff member, for 4 groups 2 staff.

Please enrol and allocate visiting staff to learning groups. You will need to discuss with the program coordinator, the staffing needs for each component (below) of the program.

As previously indicated above your school is required to enter this data via the Cumulus online portal. See the sub-heading 'Entering the Data' on page 2.

Please complete this comprehensive list at least three weeks prior to the start of your program

General Information

Physical Fitness for the Program

The activities undertaken can be strenuous and it is strongly advised that students and visiting teachers undertake some **fitness training** as part of their preparation for their time at Bogong.

Student Expectations

Prior to the program commencing it should be made clear to students that Bogong is a school operated by the DET, has a set curriculum and **is not a holiday centre**.

Accommodation

Students and visiting staff generally stay in our (two-story) Fainter Lodge. Twenty-eight students (two per room) and two visiting teachers (VTs- a single room each) can be accommodated on each floor. Student rooms are furnished with a bunk bed (two single beds). Bogong will supply a fitted bottom sheet while students are to bring a sleeping bag & pillow. All buildings facilities include modern bathrooms, indoor and outdoor recreation areas, drying rooms and a dining room. Facilities (i.e. wheelchair ramps and specialised bathrooms/toilets) are provided for students with physical disabilities. Refer to the Outdoor School website for more information.

Catering

The Campus employs a chef and assistant who provide all meals and specifically cater for the tastes and appetites of teenagers. For catering purposes, the actual numbers of students and staff from each school needs to be confirmed on the Cumulus online portal two weeks in advance with any special dietary requirements.

Transport

Schools are required to arrange for return transport between the school and Bogong. Outdoor School recommends Falls Creek Coach Service for their reliability and experience with times for getting to Bogong. Local transport during the program may be either self-drive using school vehicles, or by coach. The High Plains Road from Mt Beauty to Falls Creek is declared hazardous from the Queen's birthday weekend until the end of the snow season and requires a special bus licence to drive on it.

Telephone

Inward phone calls are received between 8.30am and 4.30pm. Outgoing calls may be made at any convenient time by staff or students if needed. Students are discouraged from calling or receiving calls during the program. Bogong has an answering machine at times when the office is unattended. An after-hours phone number for emergencies is provided on the answering machine. Bogong teachers have phones for safety during program.
