

# PHOTOGRAPHING, FILMING AND RECORDING STUDENT POLICY

## Help for non-English speakers

If you need help to understand this policy, please contact Anthony Keeble at [anthony.keeble@education.vic.gov.au](mailto:anthony.keeble@education.vic.gov.au).

## PURPOSE

To explain to parents/carers:

- how Outdoor School collects, uses and discloses photographs, video and recordings of students
- when parent/carer consent is required before photographing, filming and recording students
- how consent can be provided and withdrawn.

## SCOPE

This policy applies to the general collection, use and disclosure of photographs, video and recordings (images) of students.

The policy does not cover the use and disclosure of photographs, video and recordings of adults.

## POLICY

There are many occasions during the school year where Outdoor School staff photograph, film or record students participating in school activities or events, for example most of the timetabled activities and bush trips.

We do this for many reasons including to celebrate student participation and achievement, showcase learning programs, document a student's learning journey, communicate with our parents/carers and school community in social media etc. There may also be occasions where we take images to support student behaviour management or to fulfil legal obligations. Further detail is provided within this policy.

In addition to the above, there may be situations where a third party requests to take, use or disclose images of students.

This policy outlines the practices that Outdoor School has in place for the collection, use and disclosure of images of students to ensure compliance with the *Privacy and Data Protection Act 2014* (Vic). It also explains the circumstances in which we will seek parent/carer consent and how consent can be provided and withdrawn.

## Consent

The Photographing, Filming and Recording Students Consent Form is provided by Outdoor School at enrolment. This form applies to standard uses of images for the time your child attends the school. Standard uses are defined in the following sections.

For non-standard uses, where consent is required, parents/carers will be sent a consent form for that specific situation. Schools will also notify parents when implementing software that may include photos of students, giving parents an opportunity to discuss any concerns or preferences.

If at any time parents/carers wish to withdraw their consent, they can by contacting Anthony Keeble at [anthony.keeble@education.vic.gov.au](mailto:anthony.keeble@education.vic.gov.au) or on 0357541732. If consent is withdrawn verbally, the school will make a written record of this. However:

- if the images have already been published and are in the public domain, it may not be possible to remove them
- the school can still collect, use and disclose images in circumstances where consent is not required (see below for more information).

## Image use within the physical school environment

Outdoor School may photograph, film or record students to use within the physical school environment, including:

- for display in school classrooms in displays of student work, on noticeboards to celebrate achievements.

Photographing, Filming and Recording Students Consent Form will be given to parents/carers on enrolment for the standard uses described above. Consent, if given, applies until it is withdrawn or changed. If a parent/carer would like to withdraw or change their consent at any point in time, they must notify the school.

## Image use within the school community

Outdoor School may photograph, film or record students to use within the school community, including:

- in the school's online communication, learning and teaching tools (e.g., emails, classroom blogs or apps that can only be accessed by students, parents/carers and school staff with passwords.)

A Photographing, Filming and Recording Students Consent Form will be given to parents/carers on enrolment for the standard uses described above. Consent, if given, applies until it is withdrawn or changed. If a parent/carer would like to withdraw or change their consent at any point in time, they must notify the school.

## Image use beyond the school community

Photographs, video or recordings of students may also be used in publications that are accessible to the public, including:

- on the school's website (including in the school newsletter which is publicly available on the website)
- on the school's social media accounts that are public.

A Photographing, Filming and Recording Students Consent Form will be given to parents/carers on enrolment for the standard uses described above. Consent, if given, applies until it is withdrawn or changed. If a parent/carer would like to withdraw or change their consent at any point in time, they must notify the school.

We will notify you individually if we are considering using any images of your child for specific advertising or promotional purposes.

## Media

The media, or the Department of Education's media team, may seek to photograph, film or record students for a news story or school event. This may include broadcast media, online or social media or print media, including newspapers and magazine publications.

When Outdoor School receives such requests, our school will:

- provide parents/carers with information about the organisation involved and when and for what purposes the photography, filming or recording will occur
- seek prior, express parent/carer consent in writing.

Students will only be photographed, filmed or recorded by the media at school if express consent is provided for that specific media event. Neither the school nor the department own or control any photographs, video or recordings of students taken by the media.

## Research

On occasion, the school may agree to research projects being conducted at the school. If this occurs, parent/carer consent will be sought for student participation, including any photography or recording of students.

## Closed Circuit Television (CCTV)

Parent or carer consent is not required for a school to install CCTV. However, Outdoor School will inform the school community of the intention to install a CCTV through appropriate channels such as: a statement on the school website and posted material within the school grounds). Installation of CCTV will be done in accordance with the department's [CCTV Installation and Management Policy](#).

## Other external collection, use or disclosure

If there is a situation which will involve the collection, use or disclosure of images of students by or to third parties which is not otherwise covered by this policy, Outdoor School will:

- provide parents/carers with information about the event or activity, the organisation involved and when the photography, filming or recording will occur
- seek prior, express parent/carer consent in writing.

## Images to manage student behaviour or fulfil our school's legal obligations, including child safety

On occasion, it may be necessary for school staff to photograph, film or record students and/or use images to:

- fulfil legal obligations, including to:
  - take reasonable steps to reduce the risk of reasonably foreseeable harm to students, staff and visitors (duty of care)
  - provide a safe and suitable workplace (occupational health and safety law)
  - supporting students' social and emotional wellbeing, and health (duty of care)
- for identification purposes, when necessary to implement discipline and/or behaviour management policies.

Outdoor School does not require or obtain consent from parents/carers or students to photograph, film or record students, or to use these images, for these reasons. However, when Outdoor School photographs, films or records a student for any of these purposes, staff will only collect and use such images in a way that is necessary, reasonable and appropriate in the circumstances.

## Child Safe Standards

Outdoor School will use student images reasonably, appropriately and sensitively, consistent with our obligations under the Child Safe Standards and our school's Child Safety and Wellbeing Policy. If at any time a parent/carer or student has a concern about the use of any images they should contact Anthony Keeble at [anthony.keeble@education.vic.gov.au](mailto:anthony.keeble@education.vic.gov.au) or on 0357541732.

## Curriculum-based activities

Photographs, film and recordings of students may be collected and used for curriculum-based activities (i.e. class work) as part of standard learning and teaching practices. Outdoor School does not require or obtain consent for this. Access is limited to students and relevant teaching staff. Parents/carers may have access to images of their own child in this context.

## Professional development

Occasionally, teachers and classes may be recorded for professional development purposes to improve the delivery of educational services. Outdoor School does not require or obtain consent for this, however the recordings will only be used internally and for the specific purpose of staff development.

## Storage of images

Photographs, video and recordings of students taken by Outdoor School will be stored in our secure document storage systems with restricted access. Any photographs, videos or recordings made on devices, including non-school issued devices, will be transferred to secure school systems and removed from the devices as soon as reasonably possible.

## Images taken by the school community

Outdoor School endeavours to respect the privacy of all members of our school community and requests that parents/carers, students and invited guests do not photograph, film or record school school-approved activities.

Neither the school nor the department own or control any images of students taken by parents/carers, students or their invited guests at school activities.

## COMMUNICATION

This policy will be communicated to our school community in the following ways:

- On enrolment
- Discussed at staff briefings/meetings, as required
- Discussed at parent information nights/sessions
- Hard copy available from school administration upon request
