

FUTURE LEADERS: Last week Wandiligong Primary School grade 5/6 students (back, from left) Eliza Lodge, Misha Thompson, Kira Mack, (front, from left) James Logan, Amelie Thompson and Ollie Chambers attended a week-long camp at Fifteen Mile Creek to learn about leadership. The camp is structured specifically to develop students' knowledge and understanding of what makes a good leader. This is the second year the school has participated in the program which involves numerous activities such as orienteering, pioneering and raft building. Misha Thomson said she took plenty away from the camp. "I learnt about how to be a good leader and about respect, integrity, competence, self-confidence, honesty, co-operation, communication, collaboration and participation," she said. "I also better understand the importance of teamwork."
