About Outdoor School

Outdoor School – 15 Mile Creek Campus is a school staffed, and funded by the Department of Education (DET) and provides programs for Years P–12 students from Government Schools throughout Victoria. Outdoor School - 15 Mile Creek (15MC) is located on the country of multiple indigenous groups to the area. The campus is 220kms northeast of Melbourne and is nestled in a scenic rural valley in the foothills of the Great Dividing Range. Closest major centres are Wangaratta 42km & Benalla 32km. The 15MC property consists of 110 hectares of unspoilt bush adjoining state forest.

About the Future Makers Program

The 15 Mile Creek program is delivered with a strong curriculum connection to your school. The purpose of the program is to develop future ready young people. As per Outdoor School's vision to be "educating for sustainable living", students will be challenged to become initiators, leaders and managers of change in a world where they have the ability to influence their own futures. The program delivers the learning capabilities through hands on experiential learning. 15 Mile Creek staff will arrange to deliver 1-2 days of content at the home school prior to the program commencing. The program then involves a 12 day residential component where students attend 15 Mile Creek and undertake a five day student led canoeing expedition down the Murray River in the middle of the program. Teachers from both the home school and Outdoor School 15 Mile Creek will deliver elements of the program with a collegiate team teaching approach.

Before Coming You Must Organise

Code of Cooperation

- This must be read and agreed to by the parents/guardians and student.

15 Mile Creek Consent Form

- These must be returned to the teacher organising your program as soon as possible.

- These forms must be completed and signed indicating the students' current medical status with any information requiring specific attention or treatment (e.g. allergies, medications being taken).
- Medical Authority Form – please complete in detail if the student is taking regular medication.
- Asthmatic students must bring all medications for their condition.

- Students with allergies **must** provide or complete the attached Allergic Reactions Action Plan.
- Students that have Anaphylaxis reactions **must** provide or complete the appropriate attached Epipen Anaphylaxis Action Plan.
- Other Health Care Needs - Please provide an Action Plan if your child/dependant needs medical or health related support at school (e.g. diabetes management).

Personal Clothing and Equipment

- Please read through the list ahead of time and pack all the clothing and essentials to be well organised for the program. Also outlined is the equipment 15 Mile Creek supply.
- Clothes washing facilities will be available for student use.
- Please be reminded that the Department of Education does not hold insurance for personal property brought to schools and it has no capacity to pay for any loss or damage to such property.

Other Important Parent/Guardian Information

The program will contain activities and events which are different from those experienced at the students' home school. Qualified and experienced teachers are responsible for the supervision and teaching of all adventure activities and necessary precautions are taken to minimise the possibility of injury.

Parents/guardians should understand however, that all the listed activities do carry risk of physical injury and that accidents can, and do occur; however, Outdoor School has an active and ongoing risk management program whose objective is to provide a safe and effective environment for students and staff.

Activities may include bushwalking, climbing/abseiling, mountain biking, orienteering, canoeing, creek walking, flying fox, river sledding, rafting and various initiative activities. Many of the activities are conducted in remote locations subject to severe weather and other natural hazards. In the event of injury or illness, communications or emergency services may be limited or not available for periods of time. This may result in delays in injured/sick group members accessing more definitive care. It is important that students are appropriately insured for medical treatment as the Outdoor School, being a State Government School of Victoria, does not have any insurance to this effect.

Personal ICT

As per Department of Education's ministerial policy, **Mobile phones, iPods and tablets etc are not to be brought to 15 Mile Creek.**

To maximise student learning we expect students to disconnect from all mobile devices for their time at 15 Mile Creek. This allows students to engage with their peers, and the outdoor experience.

Any mobile devices that are brought to 15 Mile Creek, will be collected by staff upon arrival and stored in a secure place.

If needing more information, you may access a copy of our policies including:

- Personal Mobile ICT Devices Policy
- Child Safety & Wellbeing Policy
- Mandatory Reporting Policy

Staff and students are reminded not to bring items of value to school.
