### IMPORTANT PARENT INFORMATION PLEASE READ

The program will contain activities and events which are different from those experienced at school. Qualified and experienced teachers are responsible for the supervision and teaching of all adventure activities and necessary precautions are taken to minimise the possibility of injury.

Parents/guardians should understand however, that all the listed activities do carry risk of physical injury and that accidents can, and do occur. However, Outdoor School has an active and ongoing risk management program whose objective is to provide a safe and effective environment for students and staff.

Activities may include bushwalking, climbing/abseiling, mountain biking, orienteering/rognaining, canoeing, rafting, sledding, pioneering, creek walking, shelter making, woodwork, team initiative activities, working in the garden and the sensory trail course. Many of the activities are conducted in remote locations subject to severe weather and other natural hazards. In the event of injury or illness, communications or emergency services may be limited or not available for periods of time. This may result in delays in injured/sick group members accessing more definitive care. It is important that students are appropriately insured for medical treatment as the Outdoor School, being a State Government School of Victoria, does not have any insurance to this effect.

Parents/guardians are always very welcome to contact the Principal on (03) 5754 1732, or Campus Principal on (03) 5766 6247, should any further information be required.

- We will model respectful relationships between peers and all members of the school community.
- We will speak out about sexism, gender inequity and gender stereotypes.

# Curriculum/Program – Adventure Activities

Below is a brief description of some activities that may be in your program. Many of the activities are conducted in remote and rugged locations and in environments subject to severe weather and other natural hazards. In the event of injury or illness, access to communications or emergency services may be limited or not available for significant periods of time. This may result in delays in injured or sick group members accessing more definitive care.

## **ABSEILING AND ROCK CLIMBING**

Suitable for middle primary aged students through to adults, these activities are conducted under qualified instruction by 15MC teachers. We have a purpose built 10 metre tower on site for these activities.

Abseiling and Rock Climbing Extension - students may be involved in belaying other students under active supervision and after training and assessment by teachers. Some students are taken to a site in the King Valley where they have the opportunity to extend the climbing and abseiling they have done at the Campus. This is normally done as a half day activity.

## **ARCHERY**

The archery area is located within the 15MC fenced in grounds. Targets are set up permanently and we have up to two students at one time shooting. Grade 2 and older can complete this activity.

## **BIKE RIDING**

Bike Riding is conducted on riding tracks that are within the 15 Mile Creek property. Tracks have varied degrees of difficulty.

Bike Riding Extension - On occasion some bike riding programs for older students are run at offsite locations.

Teachers conduct bike riding lessons for all age groups (BMX bikes for primary students, mountain bikes for secondary students)

## **BUSH WALKING**

There are a variety of walks available at 15MC to cater for all abilities. Bushwalks range from short walks within the 15MC site to extended walks beyond the 15MC site boundaries, including overnight trips. We have a network of easy to navigate four-wheel drive and walking tracks within the 15MC property as well as wilderness walks requiring map reading skills. Offsite bushwalks involve students hiking in groups of 12, accompanied by one 15 Mile creek teacher and one Visiting Teacher. Walks can visit a number of sites and environmentally sensitive sites en-route. Students often cook for themselves using lightweight stoves or as a group using camp ovens under supervision. Bushwalks are preceded by a hike preparation session where students discuss the bushwalk and are given information, training, equipment, and food required for a safe and enjoyable experience.

## **BUSH SHELTERS (CUBBY BUILDING)**

This activity is taken in the bush area within the main 15MC site. Students can use fallen Stringybark trees and the bark from them to construct shelters. There are usually completed cubbies in the area, and groups are encouraged to break up these old cubbies and use the timber to make their own. It is fun to see if the constructions are waterproof by "raining" on them, using a watering can.

## **CANOEING/RAFTING/SLEDDING**

Canoeing is held on our purpose-built dam, a 5-minute walk from the main 15MC site. Extended water based programs are also conducted offsite at venues including but not limited to Lake William Hovell, the King and Murray Rivers.

## **EXTREME WEATHER ACTIVITIES**

In the event of extreme weather, we have a number of activities available. These include: games in the recreation shed (basketball, table-tennis, bocce, initiative games), board games in the mud brick room, bush art, and group games. In hot conditions, an afternoon may be well spent undertaking activities in the cool waters of the 15 Mile Creek.

## **FLYING FOX**

Our flying fox consists of two 60-meter zip lines.

### **INITIATIVES/TEAM GAMES**

The team games area is suitable for middle primary aged students, through to adults. A number of tasks have to be solved by each group, working cooperatively together. This is a great activity for getting people to work together and appreciating each other's personal attributes.

### **ORIENTEERING**

We have a number of Orienteering Courses set up around the 15MC site, varying from easy 15 minute courses, to harder hour-long courses.

### **PIONEERING/RAFT MAKING**

This activity is recommended for Grade 3 children and older, as the participants need to be competent swimmers. It is undertaken at the dam. Raft making involves a group working together as a team to create a raft suitable for up to 4 people to ride on at any one time.

### **TENTS (BUSH CAMPING EXPERIENCE)**

We have an overnight bush camping area close to the main 15MC site suitable for young students to experience camping in tents in a bush setting. This area is a 5minute walk from the main 15MC site, and has an open hut, camp fire area and a pit toilet nearby. Vehicle access to the camping area is easily available. Extended onsite and offsite overnight trips can be organised – usually for older students.

### **EVENING SESSIONS**

A 15 Mile Creek teacher will run the evening session and activities will be planned. Activities could include reflections of the students learning and other activities that link with the curriculum and the learning within the program.
